

PRAJIT LAL

Perth, Australia · prajit.lal4@gmail.com · prajitlal.tech

EDUCATION

Curtin University
Bsc Computer Science

Bentley, WA
Jul 2016 - Nov 2021

WORK EXPERIENCE

Redi Software
Fullstack Engineer

Joondalup, WA
May 2023 - Present

- Collaborate in a team environment to develop high-quality full-stack applications with C#, AngularJS, and PHP, incorporating agile methodologies.
- Implemented RESTful APIs and integrated third-party services, enhancing application functionality and user experience.
- Specialized in troubleshooting and bug fixing across the stack, significantly improving application performance. Excelled in client communication, translating technical solutions into understandable terms for non-technical stakeholders.

SKILLS

Programming Languages: C#, PHP, Ruby, TypeScript, JavaScript
Frameworks: Ruby on Rails, NextJS, ReactJS, AngularJS, .NET
Soft Skills: Excellent Communicator, Team Player, Leadership

PROJECTS

Cafes In Perth *NextJS, SanityCMS, TailwindCSS*

<https://cafesinperth.com>

A fast, mobile responsive cafe review site. Uses NextJS to statically generate parameters and rendering them at build time, and using SanityCMS to post blogs. Programmed with TypeScript and styled with TailwindCSS components. Deployed using Netlify.

Jestin Auto Electrics *NextJS, TailwindCSS*

<https://jestinautoelectrics.com>

A marketing website for a Perth based auto electrical and air con repair company. Uses NextJS for fast loading routes, and styled with TailwindCSS. Deployed using Vercel.
